ORI Javeriana Cali Internacional

orijaverianacali

We belong to a world-wide network of Jesuit universities, and this association is a key part of our identity: 31 Universities in Latin America, 28 in USA and almost 177 universities all over the world.

Pontificia Universidad Javeriana in Cali Colombia was founded in 1623, and has operated in Cali since 1970. The campus is located on the south side of the city, surrounded by a spectacular variety of flora and fauna, and a magnificent view of the Cauca Valley.

Most importantly, we have a strong commitment with human and academic excellence. This statement is the essence of our work. No matter how difficult the challenge is, our goal is to provide world class education.

If you are a student, professor or person looking for an international experience, with a desire to learn the Spanish language and culture, or to explore networks with professors and researchers, the Javeriana Cali is for you!

Feel free to contact our International Affairs Office. We look forward to seeing you at Universidad Javeriana Cali.

Luis Felipe Gómez Restrepo, S.J.  
President

Pontificia Universidad Javeriana  
Cali
